

## **SCLD Agreement & Non-Residents**

### **Changes in Cards & Privileges**

Liberty Lake Municipal Library and the Spokane County Library District recently signed an agreement establishing a reciprocal borrowing relationship.

The terms of this agreement, which will allow Liberty Lake's city residents a free SCLD card has necessitated certain changes to maintain an equitable relationship between the two libraries.

All non-Liberty Lake city residents may have a free Liberty Lake Library card (orange) that entitles them to use Liberty Lake Library's items except for our subscription databases and services such as the Overdrive and OneClick Digital services. SCLD provides identical or similar services to county residents. Likewise, city residents will not be entitled to use SCLD's subscription & Overdrive services or databases.

*The orange Liberty Lake card does not entitle county non-city residents to the use of items in CIN libraries other than Liberty Lake. CIN is not a party to the reciprocal agreement. No attempts to request or hold materials from CIN libraries can be honored. Please search only Liberty Lake's collection. Any holds on non-LLML items that are placed will be cancelled or returned.*

***Repeated attempts may result in suspension of library privileges.***

The terms of this agreement are typical of reciprocal borrowing contracts between library systems and should not be construed as targeting any population or group. In the interest of extending library service equitably and to as many as possible, these changes were necessary.
